Confidentiality and Non-Disclosure Agreement

I , the undersigned, acknowledge that as a result of work I perform for the Statistical Society of Canada (the SSC) relating to accreditation, I may be given access to certain information and data (e.g. Accreditation applications, reviews, and edited anonymous reports from the Chair of the SSC Accreditation Committee or the SSC Accreditation Appeals Committee) which is confidential or otherwise proprietary to the SSC or to information that is personal information or information regarding an identifiable individual (collectively, the "Confidential Information").

In consideration of the SSC permitting disclosure and/or access to me to the Confidential Information during the course of my work, I agree to the following:

1. Accreditation reviews and/or appeals will be kept confidential; they will be stored securely. Accreditation applications, reviews, and edited anonymous reports from the Chair of the SSC Accreditation Committee or the SSC Accreditation Appeals Committee will be sealed and kept indefinitely by the SSC.

2. I shall receive and maintain in strictest confidence all Confidential Information disclosed to or accessed by me (whether verbally or in written or other tangible form) and I shall not disclose any material related to accreditation without the prior written consent of the responsible SSC Committee Chair or SSC Officer.

3. I shall not provide copies of any written or other tangible materials disclosed to, produced by or accessed by me to any parties other than other members of the responsible SSC Committee or SSC Officer.

4. I shall not make use of any Confidential Information disclosed to, produced by or accessed by me for any purpose other than to perform accreditation-related work on behalf of the SSC.

5. The obligations hereunder are personal to me and shall continue in effect after the completion of my work, regardless of whether or not I remain associated in any capacity, either directly or indirectly, with the SSC.

6. I acknowledge that the SSC may seek damages for a breach of this agreement by me in addition to an injunction and/or other appropriate equitable relief to remedy a breach or threatened breach of this agreement.
